Fire and Forest Health Mitigation Indian Mountain Park 2026

Treatment Units 5, 6, 7, 8, 9, 10 and 11 were mitigated in the summer of 2026.

Slash was dealt with by a lop and scatter method and the trees were left with contact to the ground so they will rot as quickly as possible. Where possible, the slash was chipped.

If you have any questions, please call 719-836-9043, Wed – Sat, 9am – 1pm.
